Mervyn Storey	North Antrim	
Daithí McKay	North Antrim	<p>I am a supporter of having better support in place for those who suffer from MND. I did a charity cycle a couple of years ago from Belfast to Dublin for MND and learned much about the effects of the disease during my involvement in that.</p> <p>I believe that more work needs to be done to generate awareness about MND and adequate support is put in place for those that suffer from this rare condition.</p> <p>There is no good reason why all our local councils should not sign up to the MND Charter. The thrust of the Charter are rights that are fair and reasonable. I am also supportive of the implementation of the new NICE guidelines locally and I will continue to raise the issues of concern for those suffering from MND if elected to the Assembly.</p>
