

Managing neuro-palliative conditions

The Rufus Centre, Steppingley Road, Flitwick, Bedfordshire MK45 1AH

Thursday 21 November 2019

9am-4.30pm

With the growth of neuropalliative care as a rapidly emerging subspecialty in neurology, it is essential that clinicians develop core skills to offer high-quality, patient-centred care. Therefore, we are delighted to announce the third annual Bedfordshire neuropalliative conference - an exciting one-day national conference that focuses on improving the quality of life of patients with serious rare neurologic illnesses, with expert speakers from both the palliative care and neurology profession.

Speakers include

Professor Christina Faull, Loros Hospice, Leicester;
Professor Chris McDermott, University of Sheffield;
Professor Huw Morris, UCL Institute of Neurology, and Honorary Consultant Neurologist at the Royal Free Hospital and the National Hospital, Queen Square;
Dr Gaby Parker, Hertfordshire Community NHS Trust;
Jan Clarke, Nurse Consultant, National Hospital, Queen Square;
Jo Fernandez, Nurse Consultant, Hospice of St Francis.

Who should attend?

The day is suitable for all professionals from health and social care settings who provide services or care for people affected by a rare neuropalliative condition.

Full fee £45

Booking form
